Models Take Bath & Kitchen Products to the Runway //

The fashions were hip and fun, but clothes were only part of the show. It was the accessories that many came to see. Not just fashion, but fashionable products for the home, starring the Kohler Co. Models carried designer sinks, faucets, towel rings and lights as well as sample-size doors, windows, carpeting, and countertops. The occasion was Callen Construction's 4th annual Refashion for Life to benefit CommonGround Ministry/Elena's House. Besides Kohler, other building product sponsors included Starmark Cabinetry, Infinity from Marvin, JJJ Carpets & Cabinets, Hale Park Lumber, United Products Corp., KG Stevens, Bliffert Lumber, Dietrich Painting, and Wauwatosa Wallboard. The event was held at Callen Construction's Muskego showroom in September.
